HOK ADVANCE STRATEGIES PROMOTES PAUL MCKENZIE TO SENIOR VICE PRESIDENT

OTTAWA, May 2, 2007 – HOK Advance Strategies announces the promotion of Paul McKenzie to Senior Vice President. Mr. McKenzie will provide leadership and project delivery to client accounts for on-site workplace planning, provisioning and systems support services for global corporate real estate organizations. “We are recognizing Paul for his dedication and innovation in providing services to our key clients. Paul’s understanding of facilities and workplace issues along with his ability to develop effective, integrated business strategies is exceptional,” said Hugh Painter, Senior Vice President and Director of HOK Advance Strategies.

Currently, Mr. McKenzie is responsible for leading a team providing on-site workplace planning and systems support to a global, corporate real estate client in the telecommunications industry where the focus is on making tactical teams a key contributor to the organization’s real estate strategy.

Mr. McKenzie joined HOK in 1997, and has over 26 years of experience delivering facilities projects in North America for public, private, commercial, industrial and not-for-profit companies.

Mr. McKenzie is a graduate of the University of Calgary where he received a Master of Business Administration degree. He also holds a Bachelor of Mechanical Engineering degree from Carleton University in Ottawa. He is a member of IFMA and Professional Engineers Ontario.

HOK Advance Strategies is the recognized leader in aligning organizations’ business strategies with their people, real estate, facilities, workplaces, and systems to achieve business objectives and gain competitive advantage. The specialists of Advance Strategies develop innovative strategies that make effective change possible and help clients to make value-based decisions that achieve clear, quantifiable results.

HOK is a global architectural firm that specializes in planning, design and delivery solutions for buildings and communities. Through its collaborative network of 25 offices worldwide, the firm serves diverse clients within the corporate, commercial, public and institutional markets. HOK is committed to developing resources and expertise to help lead the world toward sustainable communities and building environments. Founded in 1955, the firm’s expertise includes architecture, engineering, interiors, planning, lighting, graphics, facilities planning and assessment, and construction services.
