HOK Advance Strategies Announces New Vice President in Atlanta, Georgia

Julian Tablada, AIA, brings to HOK over 30 years experience providing strategic planning and advisory services

ATLANTA, September 24, 2007 — Julian Tablada, AIA, has joined HOK Advance Strategies as a Vice President in Atlanta, Georgia. In this new position, Tablada will be responsible for providing planning and advisory services that inform clients on how to strategically deploy their resources — for real estate, facilities, and workplaces — to achieve business objectives. HOK Advance Strategies Director, Susan Mitchell-Ketzes said, “We are very pleased that Julian’s long history of advising clients in the corporate, institutional, and public markets will advance our position as strategic advisor to our clients throughout the Southeast region.”

Tablada brings to HOK over thirty years of experience in providing strategic planning, workplace strategies, facility process improvement, architectural design, project management, CAFM solutions, marketing and sales. Prior to joining HOK he was a principal with Facility Resources / DBAssociates, an international facility management and consulting firm. As a principal at DBA, he led the CAFM, sales and marketing, and interior space management divisions. Tablada has worked with corporate, institutional and government clients including American Express, The Coca-Cola Company, U.S. General Services Administration, Lockheed Martin, Verizon, Hewlett-Packard, and Carolinas Healthcare Systems.

Tablada received a Bachelor of Architecture degree from Louisiana State University. He is a registered Architect in the State of Georgia, and a member of the American Institute of Architects.

HOK Advance Strategies is the recognized leader in helping organizations align their business strategies with their people, real estate, facilities, workplaces, and information systems, such as CAFM, to achieve business objectives and gain competitive advantage. The specialists of Advance Strategies help clients to make value-based decisions that achieve clear, quantifiable results.

HOK is a global architectural firm that specializes in planning, design and delivery solutions for buildings and communities. Through its collaborative network of 25 offices worldwide, the firm serves diverse clients within the corporate, commercial, public and institutional markets. HOK is committed to developing resources and expertise to help lead the world toward sustainable communities and building environments.
